ALMA MATER

Broward Gracious Alma Mater.
We thy name revere.
May each noble son and daughter cherish thine honor dear,
May thy lamp be ever bright guiding us to truth and light.
As a beacon o'er dark water.
This is for thee our prayer.

May the years be kind to Broward.
May she grow in fame,
May her children fail her never.
True to her beacon flame,
May her spirit brave and strong honor right and conquer wrong.
This is the burden of our song.
Ever her truth proclaim.

The Seahawk Singers

The Seahawk Singers, Broward Community College's jazz-pop vocal ensemble, is one of the college's original performing-arts organizations. The group got its start in 1965 as the College Singers under the direction of Betty McMillion. The College Singers entertained at a variety of college and community activities. In 1966, they added regular Friday night recitals, and they have been part of the college's performing arts outreach ever since. In the late 1980s, the group's name was changed to the Seahawk Singers, reflecting the college's new mascot.

The 1998-99 Seahawk Singers are directed by GERALYN ROBERTS. The performers are:

ACADEMIC COSTUME

In the medieval universities, students and teachers wore gowns indicating their status and scholastic achievements. European institutions still show great diversity in the specifications of academic dress, but American colleges and universities preferred to adopt some definite system which all could follow. Accordingly, in 1895, at Columbia University, an intercollegiate commission drafted a uniform code for the use of caps, gowns and hoods. These standards, with few revisions, are still in effect. Broward Community College will follow the Academic Costume Code.

Four academic degrees are generally recognized: the associate, the bachelor, the master and the doctor. The associate degrees (associate of arts and associate in sciences) are offered by the standard two-year junior colleges. The other three are conferred by universities and colleges. The bachelor's or baccalaureate degree takes its name directly from the medieval practice of "bachelors" wearing a garland of bayberries. The master's degree was equivalent to a license to teach, and sometimes was followed by the express words *Licentia Docendi*. The doctor's degree, when earned by study, indicates advanced study and independent research in a specialized field of learning. Honorary degrees are granted for meritorious service and for distinction in public or private endeavor.

Those holding a bachelor's degree wear a black gown fastened at the top, distinguished by long pointed sleeves hanging nearly to the knees. The master's gown, worn open, has long closed sleeves with an arc of a circle appearing near the bottom and a slit for the arm near the middle of the sleeves. The doctor's gown, usually worn open, is made of silk, faced with a broad strip of velvet, and has three bars of velvet on each sleeve.

A hood made of the same material may be worn with the gown. The bachelor's hood is three feet long, with a two-inch strip of velvet; the master's hood is three and one-half feet long, faced with a three-inch strip of velvet; the doctor's hood is four feet long, faced with a five-inch strip of velvet. The color of the tassel or velvet strip on the hood indicates the field of study in which the degree was earned or granted, as for example: ARTS, white; SCIENCE, golden yellow; EDUCATION, light blue; -ENGINEERING, orange; MUSIC, pink; LIBRARY SCHOOL, lemon yellow; BUSINESS, drab; JOURNALISM, crimson; LAW, purple; THEOLOGY, scarlet; PHILOSOPHY, dark blue. Each hood is also lined in silk with the colors of the institution which granted the degree, as for example, garnet and gold for Florida State University, orange and blue for the University of Florida.

The appropriate cap for all degrees is the familiar black "mortar board." A tassel, black or a color signifying the field of specialization, is worn hanging to the left of the face. Those holding a doctor's degree may wear a soft velvet cap of the color indicating their field of study, or with the mortar board, they may wear a tassel in gold or in part of gold thread.

The mace, carried by the parade marshal, is a symbol of the authority vested in the college president. In medieval times, it was a weapon of war which was effective against the strongest armor and was used chiefly by knights. Maces were often borne by a royal bodyguard to protect the king in processions, but in the course of time (by the 14th century) they assumed more ceremonial functions and lost their warlike appearance. A mace is carried in academic and ecclesiastical processions, particularly in English-speaking countries.
